“Lean to Green Workshop”

June 11, 2010

About the Workshop Presenters:

Kevin Gregoire VP & General Manager Precision Punch

Kevin has over 25 years of manufacturing experience, with leading US corporations such as MacDermid, Unilever and Chevron Oil, and also a private small family business at Precision Punch. Holding executive level, leadership and management positions with responsibilities that include leading business sustainability initiatives in operations and facility construction, through Lean/Six Sigma and EH&S processes.

Kevin has an extensive background in “lean to green” business sustainability initiatives, and has extensive experience in teaching and coaching lean and green strategies. Kevin learned lean from a National Shingo Prize examiner, through Japanese style kaizen events.

Kevin’s background and experience includes:

- **Over 25 years of Manufacturing and Operations experience to include all aspects of strategic business decisions in sales, supply chain and facility requirements**
- **Over 10 years in Lean Operational Excellence utilizing Lean Manufacturing and Six Sigma culture and processes**
- **Lead companies successful through ISO certifications with manufacturing (ISO 9001 & 9002), medical (ISO 13485), and EPA requirements for manufacturing facilities**
- **Experience working with companies in diverse industries that include; chemical, metal cutting, medical, aerospace, automotive, and oil refinery**
- **Graduate of University of Connecticut, Storrs, Connecticut with a B.S. Chemical Engineering and a B.S. Biology**
- **Earned a Six Sigma Black Belt Certification from Central Connecticut University, and Lean Leadership Certification from Leanovations International, recognized by Connecticut Center for Advanced Technology, Inc.**

Kevin is recognized for his unique blend of high energy and common sense approach to applying Lean/Six Sigma tools along with Green Business Sustainability for a complete transformation.
